

Owasco Watershed Rules and Regulations State-Local Technical Workgroup Report

For OLWMC Monthly Meeting: March 21, 2023

General Update:

Over the past month, NYSDOH convened multiple interagency agency meetings to review the proposed regulations and compile feedback. NYSDOH also met with Skaneateles partners to learn more about the structure of their watershed agriculture program. NYSDOH is working with its Division of Legal affairs to complete its review of the proposed watershed rules & regulations and assist with compiling additional feedback from the other involved agencies. We look forward to discussing these developments and other details during the technical committee meeting in early May. Below is a tentative schedule for next steps.

Revised Schedule:

| | |
|--|----------------|
| Additional State Agency Legal Meetings | April 2023 |
| Legal meeting with City of Auburn | April 2023 |
| Follow up with State-Local workgroup & local legal | May 2, 2023 |
| Make final revisions to regulations | May/June 2023 |
| Begin State Amendment Process | June/July 2023 |
