## 2021 OLWMC Goals

1. Increase participation of municipalities that have yet to join the Council.
2. Community Outreach
  - a. Increase awareness of the Lake Friendly Living Pledge Program and boundaries of the watershed through signage.
  - b. Mobilize an outreach campaign for eventual rollout of Updated Watershed Rules and Regulations
    - i. Plan distribution methods for supportive materials for guidance for watershed programs and lines of supportive funding.
  - c. Development of a watershed specific farmers' advisory committee
    - i. Growing membership
    - ii. Determine meeting times and location
3. Continue to look for funding opportunities.
  - a. Advance funding support for project initiatives through collaboration for funding and partnership among agencies
  - b. Use adaptive strategies for project priorities list based on funding availability
  - c. Seek watershed support as a line item on the NYS Environmental Protection Fund (EPF)
4. Work with the Towns' elected officials, highway superintendents, and county soil and water conservation district's (SWCD's) to improve ditching practices.
  - i. Support communication between highway departments and SWCD's.
5. Support for the completion and implementation of the NYS Nine Element (9E) Watershed Plan
  - i. Transitioning from 9E plan information and priority sites or 'hot spots' to target watershed project implementation
    1. Presentation of priority information for managers to support priority project implementation
    2. Use (9E) Plan to advocate for eternal project funding through grants
6. Participate in the on-going NYSDEC harmful algal bloom monitoring and surveillance program, the purpose of which is to identify priority areas for health and safety and ultimately develop mitigation strategies for HABs.
  - i. NYSDEC- 2021 sampling plan
    - a. OWLA/NYSDEC/OLWMC collaboration essential
7. Continue to support requested revisions of the Updated Owasco Lake Watershed Rules and Regulations, as well as OLWIPD program requirements according to their rollout
  - a. Develop programmatic needs for watershed rules and regulations variance process
8. Support oversight, growth, and guidance for the Watershed Inspection and Protection Division
  - a. Foster outreach and guidance for stakeholders
9. Continue monitoring the lake to assess water quality.

- a. Transferrable datasets between multiple groups, scientists and planners/managers
- b. Work with the DEC Finger Lakes Hub and other partners towards reducing nutrient loading and HABs.
